NUMBER 244.

ALGER WANTS FACTS

About the Death of Private Hugh Parrott.

REPORT OF SHEER NEGLECT.

A New York Newspaper Responsible For the Story.

GROSVENOR MAKES AN INQUIRY.

Ohio Statesman Says There Is Great Indignation In His District Over the Inhuman Treatment of This Sick Soldier by the Doctor.

Washington, Sept. 6.—Secretary Alger sent the following order to Montauk Point:

A New York paper of about Aug. 28 published a statement of the death of Private Hugh Parrott of the Eighth regulars, in which it is charged that when he begged of a doctor to take him to the hospital the doctor notified him that the hospital was for sick men, and it is reported that Parrott died that night.

This account is sent to me by Representative Grosvenor of Ohio, who says there is great indignation in his community over the case, and if it is as reported, there should be.

I wish an inquiry immediately instituted to find out about this matter, and report made to me. I understand one Sergeant Rich of same company is under arrest for having complained of this matter.

I have heard much of the neglect of the men, much of which no doubt is fictitious, but if there is any foundation for this statement, or if there are any men ill in the regulars in their tents that are not provided for, I wish to know the reason why and at once, also the names of the officers in command of the regiment and company in each case.

PRIZE MONEY.

Heroes of Uncle Sam's Navy Have a Snug Sum to Divide.

Washington, Sept. 6.—At least \$1,000,000 prize money will be distributed among American sailors as a result of the war with Spain. More than one-half of the sum will be paid in accordance with that section of law providing for the payment of a bounty for persons on board vessels of war sunk in action.

It is estimated that the aggregate amount due the Asiatic fleet as a result of the destruction of the Spanish force amounts to \$187,500, which congress will be asked to appropriate at the coming session. One-twentieth of this sum belongs to Rear Admiral Dewey, as commander-in-chief, and he will therefore be \$9,375 richer than he was before the war.

Rear Admiral Sampson has realized a snug little fortune as a result of the war. As commander-in-chief of the North Atlantic squadron he will get one-twentieth of every prize taken in North Atlantic waters, and one-twentieth of the head money allowed for the vessels destroyed off Santiago and in Cuban ports. It is estimated that he will finally receive about \$40,000 as his share of prize money.

General Shafter Out.

New York, Sept. 6.—General Shafter came out of detention camp. He is somewhat improved in health. He said that Camp Wikoff would be continued for some time, and although many of the troops here were to be sent away, the camp would be fitted up with barracks for the accommodation of several thousand men during inclement weather. Advice was received from the war department by General Wheeler that 4,200 recruits were to be sent from southern posts to join the Fifth army corps at Montauk.

McKinley's Movements.

New York, Sept. 6.—President and Mrs. McKinley and Vice President Hobart, who are at Paterson, N. J., went out for a drive in the direction of Passaic Falls. Mrs. McKinley looked well, and at the Hobart home it was denied that Mrs. McKinley had been taken suddenly ill. United States Senators Thurston of Nebraska, Foraker of Ohio, and Burrows of Michigan are expected at the Hobart residence to have a conference with the president.

Indiana Soldiers Indignant.

Indianapolis, Sept. 6.—Many officers of the One Hundred and Fifty-seventh Indiana are bitter because the regiment failed to see foreign service, and they attribute the failure to political influence. Colonel Studebaker declined to exercise any influence with the department, this policy being approved by the Studebakers of South Bend, and it is asserted that Governor Mount would do nothing to push the command to the front.

Hospital Overcrowded.

Montauk Point, Sept. 6.—The transport Roumania, which arrived with 800 troops from Santiago, was the

means of an additional test of the capacity of the hospital in the detention camp. At the time of the arrival of the sick men from the Roumania the hospital already had nearly 600 patients, and these 200 additional ones swelled the number to about 800, 240 more than the hospital comfortably can hold.

Insurgents Still Active.

Manilla, Sept. 6.—Regular trains will begin to run on the Manila-Dagupan railway. General Aguinaldo refused to permit repairs to the line and a re-establishment of train service except upon the condition that no foreign troops were to be conveyed. There are active movements among the insurgents everywhere north of Manila. Vigan has lately been occupied, and a campaign has been directed against Samar. The insurgents are in possession of the whole of Laguna bay, except a single position. This does not support the stories of serious disaffection among the insurgent leaders, although Aguinaldo's unpopularity is undoubtedly increasing.

An Ohio Man Dies.

Washington, Sept. 6.—General Lawton's report, received by the war department, concerning the health conditions of the American forces at Santiago, follows: "Total sick, 240; total fever, 185; total new cases fever, 12; total returned to duty, 17; deaths: Michell, John D., private company F, Eighth Ohio, malarial remittent fever; Manley, William, private company H, Sixteenth infantry, typhoid fever; Johnson, Charles, civilian, congestion of brain.

Views of Pando.

New York, Sept. 6.—General Pando was feeling well at the Hotel America, and for about two minutes he submitted to an interview by newspaper reporters. The first thing he had to say was that a misunderstanding had gone abroad about his criticism of General Shafter. He declared that he thought General Shafter an able general, and he doubted if any other man could have brought the Santiago campaign to such a speedy close with such little bloodshed.

What Spain Must Provide.

Madrid, Sept. 6.—General Jaudenes, ad interim governor of the Philippine islands, replying to the governor's request for information as to the true situation of affairs in the archipelago, reports that to assure the re-establishment of Spanish sovereignty over the islands would require a permanent army of 60,000 men, a fleet and endless quantities of materials.

Claims He Was Misquoted.

San Francisco, Sept. 6.—Chaplain Joseph P. McIntyre, reported in press dispatch from Washington as having been ordered courtmartialled for certain utterances said to have been made by him against a naval officer, arrived here. He professed to be greatly surprised when told of the action of the department and says he has been misquoted.

Eight Regulars Arrive.

New York, Sept. 6.—About 375 members of the Eighth regular infantry, Lieutenants Wagner, Perkins and Eaton in charge, arrived in Jersey City from Camp Hobson, Ga. One of the men, Edward Bergot, is down with typhoid. They continued their journey to Montauk to join the other men of the regiment who have returned from Cuba.

Fast Run of a Tug.

New York, Sept. 6.—The large ocean-going tug Plymouth arrived from Santiago in the fast run of 4 days and 13 hours. The Plymouth towed two pontoons from Stapleton, Staten Island, stopping at Norfolk, Va., for two others. The four pontoons were anchored in Santiago harbor, and the Plymouth returned to New York.

Cervera's Movements.

Annapolis, Md., Sept. 6.—Admiral Cervera of the Spanish navy, accompanied by Lieutenant Cervera, his son, left here for Norfolk, Va., for the purpose of completing arrangements for the transportation to Spain of the prisoners now confined at Portsmouth, N. H., who were captured in the naval fight off Santiago.

Visited the Hospital.

Camp Wikoff, Montauk Point, N. Y., Sept. 6.—Surgeon General Sternberg arrived here from Washington to see for himself how the camp looked and to inquire into the sanitary arrangements. General Sternberg said that he had visited the hospitals and that he had found their condition excellent.

Justice White Declines.

Cleveland, Sept. 6.—Secretary Day said that he intended to hand in his resignation September 12. He said there was nothing new to be told about the peace commission, but gave it as his understanding that Justice White had decided not to serve as one of the commissioners.

Going to Philadelphia Hospital.

Lewes, Del., Sept. 6.—The hospital steamer Relief with about 250 sick

soldiers on board from Porto Rico passed the capes in the afternoon. On the arrival of the Relief at Philadelphia the soldiers will be removed to the hospitals of that city.

Miss Gould's Offer.

Camp Wikoff, Montauk Point, N. Y., Sept. 6.—Miss Helen Gould has notified the hospital authorities that she has prepared quarters for 20 sick soldiers at her place at Irvington on the Hudson. That number of sick men will be sent there.

A Cold Wind.

Camp Wikoff, Montauk Point, N. Y., Sept. 6.—A thick drenching fog covers the camp and a cold wind is driving the moisture into the airy tents where there are 1,800 sick men.

Iowa Boys Mustered Out.

Des Moines, Ia., Sept. 6.—Two batteries of light artillery, composed of men from Burlington and Cedar Rapids, were mustered out of service by Lieutenant Howell.

Death of Frank Eckley.

Camp Wikoff, Montauk Point, N. Y., Sept. 6.—Among the deaths here was Frank J. Eckley, private, company F, Eighth Ohio.

A Deserter Arrested.

Chicago, Sept. 6.—Crippled with rheumatism and malaria, Private William R. Flynn, company M, Sixth Pennsylvania volunteer infantry, has spent two nights and a day in a damp cell at a police station here and was taken to Fort Sheridan under arrest as a deserter. The prisoner had been but two hours out of a sick bed and was taking a walk with his mother when detectives took him into custody.

No Sensational Scenes.

Madrid, Sept. 6.—Those who had expected sensational scenes on the reopening of the chambers were disappointed. The general public seems indifferent. The people at large are apparently convinced that Spain must accede to whatever the United States demands. At the close of the censorship discussion deputies who are journalists protested emphatically against the attitude of the government.

Wheeler's Report.

Washington, Sept. 6.—Secretary Alger received the following from General Wheeler at Camp Wikoff: "I have made a thorough inspection of the camp. The steam laundry for hospitals in full operation; water works are again working satisfactorily; the health of the troops improving; visit of the president was very beneficial."

No Request Made.

Washington, Sept. 6.—No request has been received at the war department for the immediate muster out of Colonel Bryan's regiment, the Third Nebraska. It is also said that if such a request was made it could not be complied with because the quota for Nebraska to be mustered out has been filled.

General Nunez Returns.

Washington, Sept. 6.—General Nunez of the Cuban army has returned to Washington, having been on an expedition which took supplies to the Cubans. He left this country before the war was closed and landed at several points and delivered his supplies.

Ten Deaths.

Washington, Sept. 6.—In a report to the war department, General Wheeler announces the death of ten men at Camp Wikoff, one of them being an "unknown soldier."

Bound For Havana.

New York, Sept. 6.—The United States cruiser Resolute, carrying the Cuban commission, passed out of quarantine at 5:05 p. m. bound for Havana.

Three Deaths.

Camp Meade, Middletown, Pa., Sept. 6.—Three deaths occurred at Camp Meade.

Labor Troubles at Manila.

Manilla, Sept. 6.—There have been several labor strikes here, the demand being for excessive wages. Because the American authorities, in the early exigencies of the situation here, agreed to the extravagant demands of laborers it has been difficult to return to an equitable basis. One of these strikes caused the suspension of traffic on the tramways of Manila for three days.

The Botkin Case.

San Francisco, Sept. 6.—Chief Lees went to Sacramento to visit Governor Budd regarding the extradition proceedings. Mrs. Botkin will appear in Judge Cook's court, but her case will be continued. On Wednesday she will be taken to Police Judge Joachimson's court and her trial for sending poisonous matter through the mails will be commenced.

No Parade.

Washington, Sept. 6.—Labor day was spent in a quiet manner by Washington. The trades display, which in previous years has been the principal feature of the day, was dispensed with and the observation of the holiday took the form of excursions to the river resorts.

CAMP SHERMAN

Formally Turned Over to Commander-in-Chief Gobin.

Cincinnati, Sept. 6.—Commander-in-Chief Gobin and staff visited Camp Sherman, when the camp in charge of Captain Byrne was formally turned over to him.

This camp has a capacity of over 15,000 in its tents and ample provisions for meals. The official salute was fired upon the arrival of the commander-in-chief, after which the bands rendered concerts.

Prayer was offered by Rev. David H. Moore, editor of the Western Christian Advocate, who was a colonel in the civil war. Major Joseph W. Wilshire, chairman of the committee on camps, made the presentation speech and General J. P. S. Gobin responded in an eloquent address of acceptance.

The ceremonies attending the raising of the flag were in charge of Captain J. B. Sampson, after which there was a concert.

Among the numerous camps in the suburbs and also in the city is one at Garfield park occupied by the James M. Lyle post of Allegheny, Pa., which has its own band and is also accompanied by 135 Sons of Veterans and others from western Pennsylvania. The two cannon guarding the entrance to Camp Garfield was made of bursted shells gathered from the battlefield of Gettysburg.

Charles F. Sheriff, commander-in-chief of the Ex-Prisoners of War, and his staff, escorted by Patterson Post of Allegheny, arrived over the Pennsylvania line, when the local association and all other ex-prisoners of war are in this city turned out and escorted them from the depot to their headquarters at the Grand Hotel.

Among the arrivals are Commodore W. C. Collins and Commander Captain Andrew Robinson, who came from McKeesport, Pa., in a skiff on the Ohio river, a distance of over 500 miles. Their skiff is named the Hobson and they have been holding receptions along the Ohio valley ever since they started, August 20.

The ladies are very largely represented at the present encampment and there is the usual rivalry between the ladies of the G. A. R. and the Woman's Relief corps. The business sessions of their respective orders will not begin until the encampment opens on Thursday.

Not Up to Expectations.

New York, Sept. 6.—The wheat crop of 1898 is not quite up to promise, according to the report of the American Agriculturalist.

NATIONAL SPORT.

How the Various Clubs Are Founding the Pigskin.

At Cincinnati—Eleanor Holmes, Fleetings Bay, Sir Rola, Paul Kavar, Volaudes, Pancham.

PURSuing THE ENEMY.

Dispatch From General Kitchener at Omdurman.

THE FLAGS WERE HOISTED.

All the British Wounded Have Been Sent to Abadia on Barges Towed by Steamers, and They Are Comfortable.

London, Sept. 6.—The war office received the following dispatch from the sirdar, General Sir Herbert Kitchener, dated at Omdurman:

"This morning the British and Egyptian flags were hoisted with due ceremony upon the walls of saraya (the palace) in Khartoum.

"All the British wounded have left for Abadia in barges towed by steamers. I saw them before leaving. They are doing well and are comfortable.

"The cavalry sent in pursuit of the khalifa were compelled to abandon the attempt, owing to the exhaustion of the horses, but I have ordered camel squads to continue the pursuit."

Pursuit Abandoned.

Cairo, Sept. 6.—Advices from Omdurman say that the Anglo-Egyptian cavalry which went in pursuit of Khalifa Abdullah after the fall of Omdurman, abandoned the pursuit about 30 miles beyond the city. The horses were completely exhausted, having been ridden 48 hours, during 15 of which they had been engaged in fighting.

The Populist Convention.

Cincinnati, Sept. 6.—The afternoon session of the Populist convention disclosed many differences between the middle of the roaders, who were denouncing fusionists as demoralizers. They were united on the subject of such a permanent reorganization as to prevent fusion or desertion hereafter and on an independent ticket for 1900, but there were wide differences as to how to prevent "fusion and desertions" and how to name the candidates. As the committee on credentials had not reported, Chairman Ignatius Donnelly was compelled to recognize whoever could get the floor and there was much discussion over a partial report on credentials. As the call for this convention was misunderstood and by many thought to have been withdrawn, it was difficult to pass on any credentials. Most of those present are self constituted delegates or at least unable to show the usual credentials and there is another class claiming the right to vote proxies. As there are only two or three present from some states, the question of proxies is one on which control of the convention hinges and it was pending when the convention adjourned.

To Study Labor Problems.

Washington, Sept. 6.—One of the first matters to which the president is now expected to give his attention is the selection of the nine members of the nonpartisan commission which, under the act of congress of June 18, is to collate information and to consider and recommend legislation to meet the problems presented by labor, agriculture and capital. This body is to consist of 19 persons, five of whom are to be members of the senate, five of the house and "nine other persons" who shall fairly represent the different industries and employments.

Small Attendance.

Detroit, Sept. 6.—Some 60 men and women postoffice clerks were present at the ninth annual convention of the National Association of Postoffice Clerks which began its sessions in the Hotel Cadillac. The attendance is smaller than had been anticipated. Heretofore the railroads have provided free transportation to delegates, but two days ago the postoffice department gave notice that it would not approve of such action this year.

A Horrible Accident.

Cohoes, N. Y., Sept. 6.—A trolley car laden with 35 people was struck by a Delaware and Hudson train going at full speed at a grade crossing in this city and cut in two. Ten persons were killed outright, eight died soon thereafter from the effects of their injuries and the remainder of the passengers were all injured, some of whom may die.

Michael Beats Linton.

New York, Sept. 6.—On the Manhattan Beach track Michael beat Linton by 2 miles and 890 yards in a 1-hour unlimited paced race. Michaels covered 33 1-3 miles. Linton stopped riding in the 31st mile.

Telegraphers to Meet.

Omaha, Neb., Sept. 6.—The greatest gathering of telegraphers since the civil war is to be held in Omaha September 13 to 15.

 erly winds.

PERSONAL.

—Miss Garnet Hauke has returned from a visit in the county.
 —Mr. Hiram Huff, of Iowa, is here visiting his brother Mr. Ben Huff.
 —Mr. Charles Young, of Chicago, is here visiting his mother and sisters.
 —Mrs. Lizzie McCourt, of Washington Court House, O., is here visiting relatives.
 —Editor Curran, of the Dover Messenger, celebrated Labor Day in Maysville.
 —Col. Sam. Stairs, of the Dover News, accompanied by his wife, was in town Monday.
 —Miss Katherine Bronston, of Lexington, will arrive to-day to visit Miss Bee-
 sie Owens.
 —Miss Lizzie Coughlin, of West Third street, is home after visiting relatives in Germantown.
 —Mrs. Dr. Dwight Neal, of Little Rock, Ark., is the guest of her sister, Mrs. Will Pogue, of Walnut street.
 —Mr. H. C. McDougle, of Lexington, returned home Monday after spending a week here with relatives.
 —Miss Mary Maley, of Flemingsburg, has been the guest of Mr. and Mrs. Martin Grimes the past week.
 —Mr. Charles Vawter, of Springdale, left Monday to resume his studies in the Bible College at Lexington.
 —Mr. E. K. Robinson and daughter, Miss Ellen, of Wichita, are guests of his brother, Mr. E. A. Robinson.
 —Mrs. W. H. Corwin and daughter, Miss Madge, are home after spending several weeks at Blanchester, O.
 —Mr. Frank Blanchard, Jr., of Baltimore, is visiting his grandmother, Mrs. John Blanchard, of the Fifth ward.
 —Mr. Charles H. Frank left Monday afternoon to spend a few days in Cincinnati with his sister, Mrs. Bettie Byrne.
 —Miss Mamie Grimes returned last Monday from an extended visit to her cousin, Miss Sallie Maley, of Flemingsburg.
 —Mr. Ralph Pollitt, of Minneapolis, arrived Monday on a visit to his father, Dr. William Pollitt of East Second street, and other relatives.
 —Mr. John T. Short and wife and son, William, will leave this evening to witness the big G. A. R. parade at Cincinnati to-morrow.
 —Captain and Mrs. Jacob Miller, accompanied by their daughter, Mrs. Annie Means, and Miss Nellie Mitchell, are in Cincinnati attending the big G. A. R. encampment.
 —Miss Martha Ranson, who has been visiting her aunt, Mrs. W. E. McCann, at Lexington, returned last night, accompanied by Miss Mary Vansant, of Harrodsburg, niece of Mrs. F. B. Ranson.

Dewey's \$10,000 Prize.

The decision of the Judge Advocate General of the navy that Admiral Dewey's squadron was superior to the Spanish squadron in Manila Bay, and that, therefore, the bounties for each man on the enemy's vessels shall be \$100 per man, instead of \$200, which it would have been if the American ships had been inferior means that about \$200,000 of bounty money will be divided among Admiral Dewey, his officers and men. Admiral Dewey will receive one-twentieth, or \$10,000.

METHODIST MINISTERS.

They Are Gathering To-day For Their Annual Conference—The Program For To-day.

At 9 o'clock this morning the following ministers had arrived to attend the annual session of the Kentucky Conference of the M. E. Church: Revs. E. L. Shepard, of Frankfort, W. B. Burton, Bowling Green, W. B. Snead, Hardinsburg, H. D. Barnett, Pulaski, G. M. Barnett, of Marion, A. D. Foster, Woodsonville, A. J. Bennett, Morgantown, and G. E. Hancock, of Barbourville. Most of the others are expected to-day. Bishop Ninde will come from Ashland.
 The forenoon and afternoon will be taken up with examinations. To-night, at 7:30, the anniversary of the Conference Board of Education will be held, Prof. Harrop, of Ashland, speaker.
 At 8:30 a reception will be tendered the guests.
 The members of Joseph Heiser Post, accompanied by the Rudy Drum Corps, went to Cincinnati this morning.
 Six regular and special trains passed west over the C. and O. Monday afternoon, all crowded with passengers en route to the G. A. R. encampment.

CITY AFFAIRS.

Business Transacted at the Monthly Meeting of Council Last Evening.

Building Permits Granted—No Water For the Fountain Yet—Summary of Official Reports.

Mayor Stallcup presided at the monthly meeting of Council last evening.
 The following is a summary of the reports of the Police Judge, Chief of Police and Wharfmaster:
 Number of convictions..... 23
 Fines and costs assessed..... \$ 252.30

 Officers and salaries..... 639.50
 Pensions..... 105.00
 Miscellaneous..... 81.00

Judge Phister was granted the floor and presented the claim of Frank Purnell for services as Special Policeman. He asked that the judgment Mr. Purnell held against the city for two months services, amounting to \$151.10, be paid. On motion the judgment for the amount named was allowed and ordered paid. Mr. Purnell's claim for about \$600 additional for similar services, presented some time ago, was referred to Committee on Claims and Accounts.

Permits were granted as follows:
 Frank Dieterich; to remodel a frame dwelling, corner Second and Main streets.
 Joshua Green; to build a frame kitchen near his house at 1008 East Third street.
 James T. Morris; to erect a frame dwelling and improve his property 1427 Vine street.
 Almar Dodson; to repair and improve a frame cottage adjoining his residence on East Second street.
 Grayson Morton; to build a frame coal house.
 Fred Arn; to erect a stable and coal house on Vine alley.
 Lewis Cobb; to erect a frame dwelling and outhouses on Broadway street.
 Maggie M. Robertson; to erect a two-story frame residence on Lexington street.
 J. T. Parker; to erect two two-story brick business houses on Second street, just east of the opera house, also two three-story brick business houses on Sutton street, south of Second.
 There was a lively discussion of Mr. Parker's petition. Some members of the committee refused to recommend the granting of the permit on the ground that all the adjoining property owners had not signed the petition. It was claimed that Mr. Parker intended using some of the buildings as a livery stable. He admitted that the Sutton street houses would probably be used as a stable. The permit was finally granted on a ye and nay vote as follows: Yeas, Blatterman, Pearce, Crowell, Tolle, Newell, Dersch, Dieterich, Parker. Nays, Heiser, Eitel, Smith, Frost.
 The new alms house was reported completed and was received, and Lane & Worick, the contractors, were allowed \$567.35, balance due them.
 A statement of the Western Union Telegraph Company was read giving a list of its tangible property in this city for taxation. The property consists of two miles of poles valued at \$100, three miles of wire \$30, total \$130. The matter was passed until next meeting.
 The question of having the new charter and laws and ordinances printed in book form came up. Some were opposed to printing them, and thought that typewritten copies would answer. Council decided to have them printed, and postponed the matter until next meeting in order to get bids from all the printers. It was decided to have only 25 copies bound in sheep, and 100 copies in paper covers.
 In regard to the proposed extension of the water mains on Forest avenue, Mr. Pearce of the water company stated that the cost would amount to about \$900.

The Royal is the highest grade baking powder known. Actual tests show it goes one-third further than any other brand.

The agreement of property holders and residents along the extension as to the taking of water was not in proper form, and the matter was referred to a committee composed of the Chairman of the Water Committee and a member of the water company to wait on the property owners, and arrange the matter properly. On satisfactory arrangements the extension will be made.

Mr. Pearce, of the water company, stated in regard to water for the fountain that the company donated the water last season. The meter showed, however, that the water consumed would cost about \$25 a month at the company's regular rates. Last year the company was enabled to get its supply of coal from a C. and O. siding at Poplar and Third streets, at 4 1/2 cents a bushel. The railroad company is now using the siding for one of its main tracks, and as Council had refused the railroad people a permit to put in a new switch the water company is compelled to haul its coal much farther. Mr. Pearce said the company's coal supply is now costing 5 cents a bushel, or about \$200 a year more than formerly. Mr. Pearce added that whenever Council granted permit for the switch so that the water company could get its coal at old rates then the company would grant the city water for the fountain free of cost. None of the members seemed disposed to take any action in the matter.

Mr. Blatterman called attention to the excessive use of water for sprinkling purposes. He thought it was injuring the streets, and on motion the matter was referred to the Chief of Police to enforce the ordinance.

On motion of Mr. Blatterman, Council extended a vote of thanks to the Knights and ladies and of St. John for the courtesies and kindness extended members of Council on Labor Day.

The Epworth League of Mitchell Chapel was donated \$3, license for a supper and concert.

The Internal Improvement Committee was directed to re-rock Commerce street, between Third and Forest avenue. Also to macadamize Morrison alley between Commerce and Poplar streets.

An order was directed to be drawn for \$400 in favor of the Neptune Fire Company, for salary due.

The Ways and Means Committee was authorized to borrow \$1,400 for thirty days to pay current expenses, etc.

Mr. Frost made an appeal for the Washington Fire Company, asking that Council donate the company \$1,000 to aid in the construction of the new opera house. City Attorney Wood was asked whether Council had a right to make such a donation, and replied that he was decidedly of the opinion that Council had no such right. Some members were opposed to the donation, stating that if the donation was made the taxpayers who have already subscribed to the building fund would have to pay it. Mr. Newell thought the only way the city could aid the company would be to allow the fire company a year's salary in advance. A motion to that effect was adopted.

Mr. George Wallingford, of the Sixth ward, and Mr. John Dersch, of West Second street, were granted permission to put down street crossings.
 Seven bonds, each for \$500, were ordered issued and sold to provide funds for current expenses.

Yellow Jaundice Cured.

Suffering humanity should be supplied with every means possible for its relief. It is with pleasure we publish the following: "This is to certify that I was a terrible sufferer from yellow jaundice for over six months, and was treated by some of the best physicians in our city and all to no avail. Dr. Bell, our druggist, recommended Electric Bitters; and after taking two bottles, I was entirely cured. I now take great pleasure in recommending them to any person suffering from this terrible malady. I am gratefully yours, M. A. Hogarty, Lexington, Ky. Sold by J. Jas. Wood & Son, druggists.

You might as well throw your money away as to spend it for cheap jewelry. Ballenger keeps only first class goods, and that's the kind to buy.

Have You Tried It?

Crushed peaches with ice cream soda at Chenoweth soda fountain, only 5 cents.

Shrewd Women.

Women with an eye to the main chance—sharp, keen, acute, sagacious women—will be interested in some Muslins and Cambrics. We have crowded out every farthing of cost that didn't take quality with it, and here is the result:

CAMBRIC AT 5 CENTS A YARD—High bleach, thirty-six inches wide. Big contract made when mills were doing little keeps to-day's 7 1/2c. value at 5c. in this store.

UNBLEACHED MUSLIN 5 CENTS A YARD—Fine, smoothly-twisted yarns in a generous weight, thirty-six inches wide—a quality that big contracts made possible at the price.

PILLOW SHAMS—It was just because a machine was taught to do "hand work" that we can sell these Cambric Pillow Shams, elaborately embroidered, for \$1 a pair. It isn't embroidery at all, but a machine trick that looks like it. Other Pillow Shams up to \$2.50 a pair, and any of them marvels of good value.

APRONS are tedious to make and require an amount of material that surprises a novice. We will give you a chance this week to get aprons ready-made cheaper than you can buy the material. India Linon and Gingham, a half-dozen different kinds. Large Gingham Aprons, forty inches long, 12 1/2c. White India Linon Aprons 15c. Others equally pretty, useful and cheap.

D. HUNT & SON.

Good Bread and Good Soda

—CAN BE FOUND AT—

TRAXEL'S

ELECTRIC PARK

CALL on Ed. Alexander for accident insurance.

The fall session of the schools began this morning.

FIRE INSURANCE—Pickett & Reepes, successors to Duley & Baldwin.

MR. GEORGE ORT will soon open a first-class bowling pavilion at 19 West Second.

MR. W. H. HICKS will have charge of the school at Washington this year. The session began Monday.

CORPORAL M. R. BURGESS, who was brought home ill Saturday from Camp Hamilton, was better this morning.

JOHN T. HOLTON has sold and conveyed his interest in 45 acres of land on Tuckahoe Ridge to Wm. H. Osborne for \$80.

MR. BENONI SHOWALTER, a former resident of this county, was stricken with paralysis last week at his home near Georgetown, Ky.

The old postoffice building on West Second, occupied by Mr. Geo. H. Traxel, has been sold by the Stockton heirs to Mr. E. A. Robinson for \$2,500.

In renewing his subscription for the WEEKLY BULLETIN, Mr. W. W. Holton, of Nevada, Mo., writes: "I am hungry for news, and the BULLETIN is always a pleasant visitor."

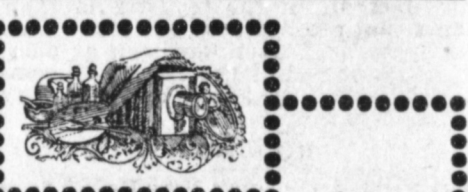

WATCHES that others have reduced from \$20 to \$12.75, Clooney's regular price \$12. All sizes, with Elgin movements. He will save you at least 25 per cent. on all class of repairs. Don't be deceived by fake reductions.

COLONEL ROBERT G. STONER died at his home near Paris Monday morning from the effects of a paralytic stroke. He was one of the best known horsemen in Kentucky and an ex-Confederate veteran. He leaves a widow and two children.

The many friends of Mrs. Ernest March of Lexington, daughter of Mrs. Dr. Shackelford, will be glad to know she is improving, after an illness of several weeks. Her condition was very critical for some time, but she is now gradually recovering.

MR. J. S. EVANS, aged fifty-five, of Flemingsburg, and Mrs. Mary E. Shy, aged forty-five, of Hillsboro, were married at the Central Hotel parlors shortly before noon Monday, Rev. George Rapp officiating. It is the third marriage of both bride and groom.

SUNDAY Rev. J. S. Kendrick entered upon his eighth year as pastor of the Danville Christian Church. He has just returned from Sulphur, Ky., where he closed a meeting with twenty-three additions. The Advocate says: "In the seven years that Elder Kendrick has been in Danville he has not only become greatly endeared to the people of his church, but very popular with the people of the community generally. It is very gratifying to know that there is a disposition to keep him as long as he will consent to remain."

SCHOOL days will soon be here. Secure good PHOTOS of the children now. Remember a Life-size Portrait FREE with every sitting. First-class Cabinets at \$1.00 a dozen. Come, rain or shine.
CADY'S ART STUDIO.

Electric Park.
 A good sized crowd was out last evening and enjoyed the excellent program. The Shaefer's in their musical specialty are the best team that has been here this season. Their music is very pleasing and their comedy work is excellent. That small comedy couple "The Haney's" make a big impression with their clever singing and dancing and catchy sayings. In all the show is good this week and deserves a big patronage. The admission is only 15 cents, including round trip car fare.

BUFFALO BILL will be here October 13.
 CONTRACTS, deeds, mortgages, wills and other legal instruments carefully executed.
 J. M. COLLINS,
 35 West Third street.

MISS NANNIE HOLTON, aged about twenty, died Monday at 12:30 p. m. at the home of her father Mr. Osgood Holton of Tuckahoe, after a lingering illness. The funeral will occur Wednesday at the residence. A sister of deceased died last spring.

Bucklen's Arnica Salve.
 The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents for sale by J. James Wood & Son.

THE BEE HIVE

A Noteworthy Linen Sale

Nothing is of greater importance to the thrifty housekeeper than the contents of the linen closet. Our linen department is a store in itself, and the value of the stock goes up into many thousands of dollars, and as great and as choice as the stock has always been, yet to-day you'll find it larger, more varied and popular-priced than ever before. The following prices will speak for themselves. During this sale you'll find a superior Huck Towel, 18x34, of regular 15c. value for 10c.; a line of Damask Towels at 12½, 15, 19, 25 and 39c. that you'll find hard to equal anywhere. Particularly worthy is a 20c. Red Table Linen at 13½c. a yard. An immense line of Napkins ranging in price from 60c. to \$3.50 a dozen. Our \$1 a dozen Napkin is warranted pure linen and worth fully \$1.50. White Table Linen of especially good value and beauty, 25c. upwards. Don't forget to inspect our great line of Battenburg work. We have Doylies, Tidies, Center Covers, Chiffon Scarfs, all exquisitely worked and at popular prices. It will pay you to critically examine our stock and observe our window display.

ROSENAU BROS.,

PROPRIETORS OF THE BEE HIVE,

KINGS OF LOW PRICES.

LABOR DAY

Celebrated in Maysville by the Knights of St. John—A Good Time Generally. The Races and Shoot.

Labor Day was appropriately celebrated Monday by the Knights of St. John.

The parade and field day exercises at the fair grounds attracted a large crowd. The attendance of Knights from Covington, Newport and Bellevue was not quite up to expectations, but this is accounted for the big attraction at Cincinnati this week.

The visiting Knights were met at the C. and O. depot by the local members of the order, headed by the Maysville Band. The welcome address was delivered by Judge Wadsworth, who spoke as follows:

Col. J. B. Glindmeyer and Gentlemen: Maysville—a city with much history: small but always hospitable; shut in by hills, and therefore not ostentatious; on the border of that meridian line which once but no longer divides a North and South, combining the conservatism of the one and the "entente cordiale" of the other—meets you at her gates and bids you welcome.

Be assured, Sir Colonel, together with your gentlemen, that since there remains no longer in our beloved country any stain of sectionalism, that you and yours will likewise find within our walls the abolition of all castes and creeds, and to-day we greet you as brothers of one great and affectionate family under one flag, meaning political as well as religious freedom, enjoying the good things of life and enduring its bitterness by the providence and grace of one omnipotent and universally-adored God. May he make your stay with us happy by his smiles and at the same time touch our hearts with the most complete and punctuated lessons of hospitable entertainment, so that in the end our parting guests shall say, "Behold, we have lived a day of peace and plenty in the houses of our friends."

Colonel Glindmeyer and those who follow you there lies your road to our homes, hearts and hearts; to all we can lend you our city gives command: "Forward, march!"

I place the city in your hands, and may order and uniformity put to rest the bluish. A day of heavenly splendor smiles upon the beginning of your ceremonies. May it close with the action of prayer while consecrated bells chime vespers of peace. En avant, Messieurs.

Col. Glindmeyer responded and then followed the parade. The police force, mounted, headed the procession, followed by the band. Next came officers of the battalion mounted, who were followed by visiting Knights on foot; then the Ladies' Auxiliary Drill Corps of Bellevue in a gaily decorated wagon, next the local Knights and St. John Cadets on foot, Mayor Stallcup, Judge Wadsworth, Judge Newell and City Attorney Wood and members of Council in a carriages bringing up the rear.

The procession moved over the route mapped out, and disbanded at noon at St. John Hall, corner of Second and Market.

At the fair grounds in the afternoon a heavy shower somewhat interfered with

the festivities. A large crowd was present.

The quarter-mile foot race was won by E. B. Current in 65 seconds. The other contestants were Jacob Cablish, Henry Brodt, Jess Williams and Mr. Brown.

Six started in the two-mile bicycle race—Jess Williams, Jacob Cablish, Harry Wood, H. Prather, J. B. Thomas and J. A. Diener. The race was awarded to Williams who finished in 6 minutes and 40 seconds; Thomas second in 7 minutes and 4 seconds. In this race Wood was overcome by heat and exhaustion as he was entering the quarter stretch. Dr. Owens worked on him for some time before he finally rallied.

Max Faulk won the fat man's race over Gus Stier and Jule Jacks.

Danny Rewan got the worst of the glove contest with J. McCullom. It was a ten-round match.

The blood hounds started all right on the trail, but two hours later hadn't succeeded in "treeing" their game.

The fancy drill by the Newport Commandery and by the Young Ladies Auxiliary Drill Corps of Bellevue were enjoyable features of the program.

The live bird shoot, at nine birds, resulted in the following score:

Thomas A. Keith.....	7
Henry Wadsworth.....	6
W. S. Watson.....	6
R. H. Newell.....	6
H. G. Holliday.....	4
J. R. Roberson.....	4
W. D. Cushman.....	2

In the shoot-off at clay pigeons to decide the tie for second money, Wadsworth won.

The days' festivities closed with a banquet and dance at St. John Hall at night that proved a most enjoyable affair in every respect. An elegant spread of the delicacies of the season was served by the local Knights and their ladies.

The first bill car of the Sells Bros. & Forepaugh Shows will be along in a few days.

MR. WALLER's preparatory school for boys will reopen in new quarters in the postoffice building on Monday, September 5th.

ED. HUGHES, a C. and O. conductor, lost a \$50 bill a few days ago while his train was pulling up the Frankfort hill. He thinks it blew off his desk and out the door near by.

MONROE TAYLOR, a C. and O. employe, was thrown from a hand-car near New Richmond, by the handles breaking, and was badly injured in the back by the car passing over him.

THESE are a few of our bargains: Watch glasses, 10c.; main springs, 75c.; watch cleaned, 75c.; pin tongues, 5c.; ear wires, 10c. All other work in proportion. P. J. Murphy, the jeweler.

RAY's Rainbow Mixed Paints are guaranteed the best and cheapest. At Post-office Drug Store.

A PROTRACTED meeting at Fairview, Fleming County, closed with thirty additions to the church.

MR. BEN HUFF has been at work for some time on a new school house in the Chanslor district, near Shannon.

THE BULLETIN acknowledges the receipt of a complimentary to the Mt. Olivet fair. September 15, 16 and 17 are the dates.

COLONEL ED. F. McGRATH, of Covington, Deputy Warden of the Frankfort penitentiary, is seriously ill. His recovery is considered doubtful.

MR. CARL McDONALD, who was acting as collector on the electric cars, was painfully injured last evening at a point in the Fifth ward. In going from a motor car to a trailer he fell, the wheels of the latter car passing over one of his legs below the knee, badly bruising the leg and foot, but breaking no bones.

We Make It a Point to Have Our Best Lines in the Middle of August.

In a few days many of our young friends will resume their studies, some at home, others in foreign educational institutes. It has always been our pride to send the boys well dressed, no matter what town or city they go to. Hechinger's clothes-wearers are the proper dressed youngsters. For this fall we made greater efforts than ever to supply ourselves and consequently YOU with the noblest Clothing that fashion subscribes. Our Fall Suits and Overcoats are the highest types of merchant tailoring art. Our stock represents the production of the acknowledged leading houses in the country. Our line of Shirts, Underwear, Hats, Ties, etc., is simply great. If the young Miss needs a nice trunk we can supply you.

The results in our SHOE department, though not quite a year old, are gratifying both to us and our Shoe patrons. "The most comfortable pair of Shoes I have worn for years," is the universal expression of those that wear them. Our

SMITH & STOUTON French Calf Common Sense Shoes are the best in the market. Every pair of them made for us and warranted to give satisfaction. Money refunded if they don't. Our high-class Shoes—Vici Kid, Russian Calf, Patent Leather, Cordovan, etc., all of which are specially made for us by the Burt Packard Company, Brockton, Mass., fill the long-felt want in Maysville's Shoe trade. These Shoes rank among the best makes in the country, and we are the first to introduce them here. We are now receiving our Fall line of these goods. If your summer Shoes are about to part company with you and you think it too late to buy light-weight footwear, we can fit you with the coming Fall style of Shoes. One price only.

Hechinger & Co.

SUPERIOR

SINGLE DISC GRAIN DRILL. Simplicity of Perfection.

The only absolute positive force feed, which can be instantly changed to any desired quantity—a vast improvement over the old style cog wheel feed abandoned many years ago. Can be thrown in and out of gear, allowing the disc to remain in the ground—another improvement over the old style drills.

THE SUPERIOR SINGLE DISC DRILL will do more and better work with less labor than any other drill made. It will sow and cover grain in all kinds and conditions of soil, in hard ground and soft ground, in weeds, corn stalks, crab grass or any kind of vines, without clogging. We have been selling this drill for four years. Ask the users as to their superiority and they will invariably tell you to buy no other and that they are the best drills on earth. The SUPERIOR was the first successful Disc Drill. There are imitations; Beware of them. We solicit your inspection of the Superior before placing your order for a drill.

TOBACCO BREAKS

Regarded as Exchanges By Treasury Department—Sales Subject to Taxation.

Of greater interest to the leaf tobacco trade than any other ruling by the Commissioner of Internal Revenue, is that which removes all hope of evading the taxation of operations on "the breaks."

The question of exemption was raised soon after the war revenue law became effective. Recently a tobacco warehouse firm of Cincinnati tried it again, sending the Commissioner a voluminous letter describing wherein a tobacco warehouse for the sale of leaf tobacco differed from what is accepted generally as an exchange or board of trade. The Commissioner replies at length and winds up by sustaining his former decision for good and all.

Exemption was claimed because the sales were by auction; because they were not in daily operation; because the premises were unlike those of exchanges or boards of trade, as generally accepted; because of the nature of the patronage, and because of other things.

Commissioner Scott, however, held that the sale of tobacco upon "the breaks" was for all purposes enough akin to operations at exchanges to make the transaction come under the paragraph of the act imposing a stamp tax on the evidences of transactions. The sales are subject to taxation at rate of 1 cent per \$100 of amount.

Discovered by a Woman.

Another great discovery has been made, and that too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for consumption, and was so much relieved on taking first dose, that she slept all night; and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz. Thus writes W. C. Hamnick & Co., of Shelby, N. C. Trial bottles free at J. James Wood's drug store. Regular size 50c. and \$1. Every bottle guaranteed.

MISSING CITY CLERK.

Mysterious Disappearance of
Dan Monaghan.

FRIENDS UNEASY ABOUT HIM

His Term of Office Was at an End, and
It Is Said His Bondsman Are Very
Anxious to Know All
About His Affairs.

Washington, Ind., Sept. 6.—Dan Monaghan, clerk of this city, mysteriously disappeared last Friday night and has not been heard of since. His friends are alarmed. The city is full of thieves and sand-baggers, brought here by the street fair, but the theory of foul play is not generally entertained. The missing-man's term of office just expired.

His official accounts are thought to be all right, although his bondsman are uneasy, as he was known to be considerably involved financially. Some think he has gone to California, as his physician told him he was going into consumption and recommended a change of climate. He was a popular young fellow and regarded as strictly honest.

New Physical Director.

Bloomington, Ind., Sept. 6.—Mr. M. G. Gonterman, director of physical training in Indiana university for two years, will not return next year. Mr. James H. Horne, a graduate of Bowdoin college, Brunswick, Me., and a student of Dr. Sargent, Harvard, has been selected to take the position vacant for the coming year.

Birthday Celebration.

Lanesville, Ind., Sept. 6.—Mrs. Sarah Gresham Brumley, mother of the late General Walter Q. Gresham, is celebrating her ninety-second birthday anniversary at the old homestead near here. She was one of the first white children born in what is now Harrison county, and her entire life has been spent in this vicinity.

A Change In Politics.

Martinsville, Ind., Sept. 6.—For the second time in her history Martinsville passed under the administration of a Democratic mayor, S. M. Guthridge, who was elected to the position last May, succeeding D. P. Kennedy, who has served in that position five and one-half years.

New Minister of War.

Paris, Sept. 6.—General Zurlinden's decision to accept the war portfolio was communicated to President Faure. After long conferences with the minister of the interior, M. Brisson, and the minister of justice, M. Sarrien, General Zurlinden was interviewed by a newspaper representative. The minister of justice, the general said, asked for the Dreyfus dossier. When these were given him, he added, he would study the documents carefully and inform himself thoroughly regarding the case before discussing it with the cabinet.

Hurricane at St. Joseph.

St. Joseph, Mo., Sept. 6.—A hurricane swept over St. Joseph at 5:30 p. m. The rain and hail was accompanied by wind. Residences were unroofed, stacks and barns were torn down and many buildings were utterly demolished. The St. Joseph rolling mills were wrecked, damage \$10,000; Carey's saloon, five other houses and a field full of tents in the packing house district were scattered by the winds. Many families were rendered homeless. The monetary loss is placed at \$150,000.

To Take a Lake Trip.

Cleveland, Sept. 6.—Secretary of State Day and Mrs. Day arrived in Cleveland. The secretary had lunch at the Union club with Senator Hanna and other friends. At 3 p. m. he took a train for Ashtabula Harbor, O., accompanied by Mrs. Day, Mrs. Barber, who is a sister of Mrs. McKinley; Mrs. Lynch and Miss Lynch, all of Canton. In the evening the party left Ashtabula on the steamer Corsica for Escanaba, Mich.

Headed For Ohio.

Chickamauga, Ga., Sept. 6.—The last of the light artillery, consisting of batteries A, C, G and H of Ohio, belonging to General Williston's brigade, and the last at this point, left the park for Columbus, O., to be mustered out. These batteries numbered 120 men each. Thirteen sick men of these batteries occupied a Pullman car.

Haskell's Interest Sold.

Toledo, Sept. 6.—Colonel W. C. Brown, treasurer of the Detroit and Lima Northern railroad, admitted that the entire interest of C. N. Haskell of New York in that road has been disposed of at a handsome figure. The name of the purchaser was not given.

Quarantine Declared.

Mobile, Ala., Sept. 6.—The Mobile board of health advised that the state of Alabama declare quarantine against all persons and baggage from New Orleans until the suspicious cases in New Orleans are pronounced upon.

Arrested at Kobe.

San Francisco, Sept. 6.—The United States consul at Kobe, Japan, has caused the arrest of Seamus Brady and Hine on suspicion that they set fire to the American ship Barling Brothers.

A Wonderful Liver Cure.

The manager of the electrical exposition in Philadelphia asked Mr. Edison to visit the show and give a short talk on some electrical subject, or if he found it inconvenient to do so to send on a phonographic cylinder setting forth some of his latest ideas of electrical interest. Mr. Edison complied in his own way with the latter request, and in doing so while omitting any reference to electricity produced an electrical effect upon the management and the auditors by his contribution. It was as follows:

My DEAR MARKS—You asked me to send you a phonographic cylinder for your lecture and to say a few words to the audience. I do not think the audience would take any interest in dry scientific subjects, but perhaps they might be interested in a little story that a man sent me on a phonographic cylinder the other day from San Francisco.

In the year 1873 a man from Massachusetts came to California with a chronic liver complaint. He searched all over the coast for a mineral spring to cure the disease, and finally he found down in the San Joaquin valley a spring the waters of which almost instantly cured him. He thereupon started a sanitarium, and people from all over the world came and were quickly cured.

Last year this man died, and so powerful had been the action of the waters that they had to take his liver out and kill it with a club. Yours truly,
EDISON.

Pearls.

Pearls, the costly product of the pearl fish of the Persian gulf, are obtained from the bed of the sea by divers, who bring up as many of the oysterlike shells as they can and then place them in heaps on the shore covered with sand. They are left for several days while the fish decay and the shells open, after which the sand is sifted and the pearls found. They are then cleansed and polished. The value of the pearl depends on its size, roundness, color and brightness. The most renowned pearls were the two which formed Cleopatra's earrings, one of which she dissolved in a goblet of vinegar and drank to the health of her guest, Mark Antony.

The remaining pearl became the property of the Emperor Augustus, who had it cut in two for earrings for his daughter Julia. Another historic pearl records a similar act of extravagance nearer our own time. It is said that at a banquet given to Queen Elizabeth on the opening of the Royal Exchange Sir Thomas Gresham ground a precious pearl to powder and drank it in a goblet of wine to the health of his royal guest.—Chicago News.

The Effect of Wind on Lakes.

Attention has been called to the very remarkable effect of the wind on various inland bodies of water. It is not unusual for the residents in towns on the shores of lakes to be greatly inconvenienced, provided a heavy wind blowing on shore continues for any length of time. In the Baltic sea the level has been altered for upward of eight feet. Sometimes the water is blown out of a channel, leaving it almost dry. In one instance a depression of six feet occurred on one side of a body of water, with a corresponding rise of six feet on the other. Lake Erie has been known to alter its level a distance of 15 feet on account of heavy winds, and Lake Michigan was at one time the subject of considerable interest from the same cause. The wind was heavy and continuous and piled the water up on one side, while the other was so low that people walked out upon rocks where in the memory of man no feet had ever trodden.—New York Ledger.

How Mines Are Exploded.

There are several methods by which mines and torpedoes anchored in harbors may be detected, but it is very dangerous and difficult work, and its success depends largely upon the circumstances and the condition of the water and the bottom of the bay in which they are placed. Sometimes they are discovered by dragging with a dredge. Sometimes they can be seen when the water is clear, and in order to assist the natural vision a canvas telescope is rigged which drops upon the water and shuts out the light from the eyes of the observer so that he can have a better view of the bottom. There are other methods also known to sailors and frequently practiced. The most effective is called "countermining"—that is, the explosion of torpedoes in the water, which by their detonation cause the mines to explode.—Chicago Record.

Druggists' Lights.

An apothecary found himself minus his red light one night, at a time when it was customary for tradesmen of his class to ornament their store fronts with a simple red lamp. To supply his need he took a glass bottle filled with a red fluid and placed a candle behind it. The effect so pleased him that he added another. Rival druggists illuminated their windows, increasing the number of lights and also changing the colors. Thus the entire town followed the lead. So it became the fashion.—Christian Work.

"Water of Life."

Distilled spirits came into use in London in 1450 and had to be prohibited in 1494. Michael Savonarola produced a treatise on the making of "water of life" in the fifteenth century which became a standard authority on that subject and was followed by the work of Matthioli of Siena. These books gave an impetus to brandy making in Italy, whence the trade extended to France.

Detroit, Sept. 6.—One record was broken at the races of the Michigan division of the L. A. W. Porter and Joseph, both of Detroit, in the two mile amateur tandem handicap, lowered the world's record from 4:05 to 4:01 3-4.

COUNTY CULLINGS.

Items Picked Up by the Bulletin's Correspondents in Mason and Elsewhere.

MAYS LICK.

Farmers are busy cutting tobacco. Mrs. Fanny Bell is on the sick list. Mayslick is having a new jail built. Miss Katie Tierney, of Louisville, is visiting her brother, Will Tierney.

T. D. Slattery and James Desmond made a flying trip here Wednesday.

Mrs. Kilgour and son spent Thursday with her daughter, Mrs. Riley Walker.

Mrs. Blake and children are visiting her parents, Mr. and Mrs. William Myall.

Miss Agnes Guerin has been visiting her sister, Miss Lizzie Guerin, for the past two weeks.

Miss Sophia Snider has returned home after a pleasant visit to her aunt, Mrs. Morris, here.

Will Gooding and Claiborne Fox, of the Fourth regiment, are home on a furlough, visiting their parents.

Mrs. Wilson and niece, Miss Mayme Scott, have returned home after an extended tour in the North.

Miss Alice Cogan has returned home after a pleasant visit to friends and relatives in Paris and Georgetown.

SPRINGDALE.

There was a fine rain in this vicinity Sunday. The church at Bethany will put a new metal roof on their house of worship in the near future.

Elder W. C. Morro, who is conducting a meeting at Tollesboro, baptized several in Cabin Creek Friday evening.

The bike race, which was to have taken place Saturday morning, did not materialize on account of one party having a high geared wheel.

Miss Lettie Weaver, who has been sick for some time, has become so debilitated as to be dangerous. She created quite a sensation Monday by getting out on the road and had to be taken back by force.

Charles Vawter preached to a large and attentive audience on Sunday morning. Subject, "A Glorious Freedom." His subject for Sunday evening was to have been "Home, Sweet Home," but owing to threatening aspect of the weather, there was no preaching. He left for Lexington Monday where he again takes his place in the Bible Department of the Kentucky University which begins on Monday, 11th inst.

A MODEST MAN.

Who Many Years Ago Received a Famous Letter from Abraham Lincoln.

There passed away in Massachusetts one day recently a man who was at one time the firm friend of such men as Webster, Douglas, Lincoln, who presided at the famous convention of 1860 which nominated the martyred president; who was called to Washington in the time of the country's greatest need; whose opinions were sought by men of influence in whatever crisis faced them, says the Philadelphia Press.

George Ashmun was one of the most modest of men. When he was chosen to preside over the convention of 1860 he consented only on condition that Gov. Trask would accompany him. He and Mr. Trask both went to Springfield with the committee to notify Mr. Lincoln and it was shortly after that that he received from the president a letter that became famous and which said: "It seems as if the question whether my first name is Abraham or Abram will never be settled; it is Abraham, and if the letter of acceptance is not yet in print, if you think fit, have my signature thereto printed 'Abraham Lincoln.'" Daniel Webster once wrote to him: "Whenever anything good comes into this house we always think of Mr. Ashmun. A fish came up the Potomac last evening higher than is usual for his species to venture. Will you be so kind as to join Mr. — and myself at five o'clock to-day to taste him?"

Factory Inspectors.

Boston, Sept. 6.—The twelfth annual convention of the International Association of Factory Inspectors was called to order in the house of representatives here by President Rufus F. Wade, chief of the Massachusetts district police. Addresses of welcome were made by Governor Wolcott and Mayor Quincy.

Ran In the Mud.

Cincinnati, Sept. 6.—At the annual Kentucky road race of 100 miles, from Lexington to Covington, Ky., no fast time was made on account of muddy roads. There were 16 riders who pulled through the rain and mud. Perry Howe of Cincinnati was first and H. F. Cook of Newport second.

SYRUP OF FIGS

NEVER IMITATED IN QUALITY.

THE EXCELLENCE OF SYRUP OF FIGS

is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the CALIFORNIA FIG SYRUP CO. only, and we wish to impress upon all the importance of purchasing the true and original remedy. As the genuine Syrup of Figs is manufactured by the CALIFORNIA FIG SYRUP CO. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties. The high standing of the CALIFORNIA FIG SYRUP CO. with the medical profession, and the satisfaction which the genuine Syrup of Figs has given to millions of families, makes the name of the Company a guaranty of the excellence of its remedy. It is far in advance of all other laxatives, as it acts on the kidneys, liver and bowels without irritating or weakening them, and it does not gripe nor nauseate. In order to get its beneficial effects, please remember the name of the Company—

CALIFORNIA FIG SYRUP CO.
SAN FRANCISCO, Cal.
